Not sure if you remember my husband and me.....we were the couple that visited from New York early this past September. You opened the Tea House for us and made us the most wonderful tea. My husband Rich was taking videos of you and the history of your business. We enjoyed our afternoon so much with you and the visit became a Highlight of our Vacation. I love the teas I bought from you...the Sea Mist is my favorite. The Kukicha is almost gone.....I need to get more.

Thanks again for a wonderful time and introducing us to your delicious teas. I am going to look on this website to see if it is ready yet.... so I can order more. Have a great day and best of luck with your business. We hope to visit you again in the near future.

Rich and Stef Olson
